

# 2016 President's Circle

## Maximize Your Exposure

Chamber members have the opportunity to invest in the President's Circle Program, a higher membership tier which offers five levels of financial commitments based on the company's individual needs and preferences. President Circle members receive greater visibility and are prominently recognized in the business community for one annual membership investment. Along with the basic Chamber membership benefits, President Circle members also enjoy additional selected advertising and marketing benefits, event and sponsorship opportunities, as well as recognition at all Chamber events. The bundling of these additional services provides a significant cost savings if such services were purchased individually.
